

E-GOVERNANCE

The purpose of implementing e-governance is to enhance good governance. Good governance is generally characterized by participation, transparency and accountability. The recent advances in communication technologies and the Internet provide opportunities to transform the relationship between Institute administrations in a new way, thus contributing to the achievement of good governance goals. The use of information technology can increase the broad involvement of employees in the process of governance at all levels by providing the possibility of on-line discussion groups and by enhancing the rapid progress and efficiency of pressure groups. Advantages for the Institute involve that the College may provide better service in terms of time, making governance more efficient and more effective. In addition, the transaction costs can be lowered and services become more accessible.

E-GOVERNANCE OBJECTIVE:

1. Implementation of E-governance in various functioning of the institution
2. Achieving efficiency in our functioning
3. Promoting transparency and accountability
4. Achieving paperless administration of the institution
5. Facilitating online internal and external communication between various entities of the institution
6. Providing easy access to information
7. Making the institution visible globally

Policy:

1. In order to provide simpler and efficient system of governance within the institution, it is decided to adopt and implement e-governance in maximum activities of our functioning.

2. The institution has already started with e-governance in some aspects of functioning like library, admission, student attendance etc. But, now we have resolved to implement e-governance in many more areas and with this aim in view we have drafted this policy framework.
